

MAYOR OF SUNBURY Says Per-na is a Good Medicine.

Hon. C. C. Brooks, Mayor of Sunbury, Ohio, also Attorney for Farmers' Bank and Sunbury Building and Loan Co., writes:

"I have the utmost confidence in the virtue of Per-na. It is a great medicine. I have used it and I have known many of my friends who have obtained beneficial results from its use. I cannot praise Per-na too highly."

HON. C. C. BROOKS.

THERE are a host of petty ailments which are the direct result of the weather.

This is more true of the excessive heat of summer and the intense cold of winter, but is partly true of all seasons of the year.

Whether it be a cold or a cough, catarrh of the head or bowel complaint, whether the liver be affected or the kidneys, the cause is very liable to be the same.

The weather slightly deranges the mucous membranes of the organs and the result is some functional disease.

Per-na has become a standby in thousands of homes for minor ailments of this sort.

Ask Your Druggist for Free Per-na Almanac for 1907.

Real Moroccans.

Moor and Morocco are words unknown to the people of that troubled land. These people know themselves as Arabs and descendants of those valiant upholders of the prophet's green standard who swept like a flood across North Africa at the time of the hegira. The Morocco of the present day they found possessed by a sturdy race who claimed descent from the people who were cast out of Canaan by Joshua, the son of Nun. Their country, so far as its plains were concerned, was taken from them by the Arabs, and their fighting strength was made to serve the Arab cause in the conquest of Spain. They themselves gradually took to the mountains, to the great Atlas. Here they have remained ever since, speaking their own language, maintaining their own customs and racial attributes, and obstinately refusing to be absorbed by the Arab dwellers on the plains. These people are the Berbers; their tongue is called Shillah. Literature they have none, in the ordinary sense of the word. But they have a rich store of oral tradition, myth, legend and folklore.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, 75c. J. C. HENNEY & CO., Toledo, O. Take Hall's Family Pills for constipation.

Sweep's Curious Find.

An Atherington (Eng.) sweep, named Joshua Folland, was sweeping the chimney of a house which had been unoccupied for some little time at High Beckington, when, to his great surprise, he swept down seven full-grown, live wild rabbits, which he bagged.

Disease and Injustice.

The sin which is termed dishonesty in the same evil as that which is called disease in living bodies or blight in the seasons; and in cities and governments has another name, which is injustice.—Plato.

The greatest cause of worry on ironing day can be removed by using Defiance Starch, which will not stick to the iron. Sold everywhere, 16c for 10c.

Material for Citizens.

On an average 298 alien children under 14 years old arrive in New York city each day.

FILES CURED IN 6 TO 14 DAYS.

FAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding Piles in 10 to 14 days or money refunded. 50c.

To a big-headed man the world is very small.

Men who make the most money get others to make it for them.

POULTRY AND BEES

THE BEES.

How the Eight-Frame Hives Can Be Made at Home.

If it is the intention to make hives of the capacity of the eight-frame dovetail frame hive, get some thoroughly dry pine boards planed on one or both sides, nine and a half inches in width.

Usually I get boards about ten inches wide, and plane them down to the right width after they have been sawed into pieces of the proper length, writes a New Jersey Bee Keeper, in Farm Journal.

The lengths are 20 inches for the sides, and 12½ inches for the end of the hives.

I rabbit these hive ends without the

Section of Hive.

use of any machinery or power except a common hand-saw. Having the rabbit sawed out, the work of making a hive body is almost done.

The nailing should be started upon a perfectly flat surface.

It is best to have a kind of platform a little larger than the hive (with a cleat strongly nailed at one edge) for a bumper to nail against; and another cleat strongly nailed at one edge) for angles to the first one.

The nailing can be finished by turning the hive on its side, and the hive corners can be kept at right angles by using a square. When the hive is nailed together, then put in the tin rabbits.

You need not gouge out any hand holes by which to lift the hives. It is easier to make cleats six or eight inches long, planed on their upper edges, and slanting outward and downward; with the ends whittled round so that they will shed water. One of these nailed on each end of the hive will make lifting the hive easy.

For cover and bottom boards I get lumber 14 inches in width, using the best for covers and the poorest for bottom boards. Sometimes I make the bottom of two pieces.

All of the covers and bottom are sawed exactly two feet long, and have cleats two inches square nailed under each end. The cleat at the back end of the bottom board is nailed about one-half inch from the end for convenience in lifting, and the cleat in the front is nailed flush with the end for the convenience of the bees. The cleats for the cover should be nailed so as to give a play of about one-eighth inch.

Lath can generally be found of the right thickness to make the three-eighths inch bee space for the bottom board. If too thick it is not much work to reduce them with a plane.

I have never adopted the cheaper way of making a hive cap of the same size as the body.

Our caps are all made larger than the bodies, and telescope on them in the old way. The hive is a little more expensive, but we have a better fit, and a much better protection against robbers, moths, cold, etc.

An open joint will do in the summer, but in other seasons, especially in spring, we want a well-closed cover.

A slight variation in the width and depth of the hives is immaterial, provided, of course, that the frames do not come too close to the bottom of the hive. The important point is the inside length from the front to the back. This must be accurate or the frames will not fit. The two end pieces should come between the sides, and, if necessary, be placed a little in or out to secure exact length. The supers are constructed in a similar way.

The lumber for the hive frames should be bought in long strips; simply ripped out of some boards. This is much cheaper and is just as useful. Provide a mitre-box; fit it at the end of a bench and adjust a stop-block at the proper distance; take a few strips at a time, put them in the mitre-box, then push them until they reach the stop, and saw off. Keep on repeating until you have enough frames cut.

Cut the top and bottom pieces square, and these should come between the end pieces. It is necessary to make the frames of an exact size, so that they will be uniformly alike and can be changed from one hive to another.

Prevent Roup.

Roup should be prevented, for it is exceedingly difficult to cure. Moreover, many of the birds that are treated for roup never amount to anything afterwards, even if they are cured. To prevent roup keep the poultry house dry and segregate every bird that seems to be ailing on any cause. If a pane of glass is broken, see that it is mended at once, as otherwise it may be the means of starting roup in the flock. The farmer should be careful about introducing new blood in the flock, as this is often a means of bringing in the disease.

AWFUL ATTACKS OF PAIN.

A Most Dreadful Case of Kidney Trouble and How it Was Cured.

Thomas N. McCullough, 321 South Weber St., Colorado Springs, Colo., says: "For twelve or fifteen years I was suffering frequent attacks of pain in the back and kidneys that lasted for three weeks at a time. I would be unable to turn in bed. The urine was in a terrible condition, at times a complete stoppage occurring. I began with Doan's Kidney Pills, and soon felt better. Keeping on, I found complete freedom from kidney trouble. The cure has been permanent. I owe my good health to Doan's Kidney Pills."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

PETS FOR LITTLE PARISIANS.

All Kinds of Animals as Playmates for the Children.

Children play a great role in French society, as all those who have read Gyp's inimitable "Pitt Bob" will readily admit, and now the small Parisienne insists on receiving on her fete day and at the New Year a live pet, instead of a costly doll or a mechanical toy. The demand has been creating a supply, and a lively trade is being done, not only in puppies and kittens, in tiny monkeys and in lambs, but also in tigers and leopards. Up to a certain age, these small felines are quite harmless, and, of course, as soon as they begin, so to speak, to show their teeth and sharpen their claws, they are sent off to one of the two magnificent "Zoo's" with which the Gay City is provided.

TWO SISTERS HAD ECZEMA.

Cuticura Cured Scalp Troubles of Two Illinois Girls—Another Sister Took Cuticura Pills.

I must give much praise to all the Cuticura Remedies. I used but one cake of Cuticura Soap and one box of Cuticura Ointment, as that was all that was required to cure my disease. I was very much troubled with eczema of the head, and a friend of mine told me to use the Cuticura Remedies, which I did, and am glad to say that they cured my eczema entirely. Since then we have always kept the soap on hand at all times. My sister was also cured of eczema of the head by using the Cuticura Remedies. Another sister has used Cuticura Resolvent and Pills and thinks they are a splendid tonic. I cannot say exactly how long I suffered, but I think about six months. Miss Edith Hammer, R. F. D. No. 6, Morrison, Ill., Oct. 3, 1906.

Pigeons Aid Physicians.

Carrier pigeons as aids to a physician are reported from the north of Scotland. The doctor has a scattered practice, and when on long rounds he takes several pigeons with him. If one of his patients needs medicine immediately he writes out a prescription, and by means of the bird forwards it to his surgery. Here an assistant gets the message, prepares the prescription and dispatches the medicine. If after visiting a patient the doctor thinks he will be required later in the day, he simply leaves a pigeon, with which he can be called, if necessary.

Invigorate the Digestion.

To invigorate the digestion and stimulate the torpid liver and bowels there is nothing so good as that old family remedy, Brandreth's Pills, which has been in use for over a century. They cleanse the blood and impart new vigor to the body. One or two every night for a week will usually be all that is required. For Constipation or Dyspepsia, one or two taken every night will afford great relief.

Brandreth's Pills are the same fine laxative tonic pill your grandparents used and being purely vegetable are adapted to every system.

Sold in every drug and medicine store, either plain or sugar-coated.

Sweet Amenities.

"I hope you won't be disappointed, dear, for I know everybody thought George was paying attention to you. But as a matter of fact, he asked me last night to marry him."

"He has then carried out his threat, poor fellow!"

"What threat?"

"He declared to me the last time I refused him that he would take some desperate step."

Starch, like everything else, is being constantly improved, the patent Starches put on the market 25 years ago are very different and inferior to those of the present day. In the latest discovery—Defiance Starch—all injurious chemicals are omitted, while the addition of another ingredient, invented by us, gives to the Starch a strength and smoothness never approached by other brands.

Want Native Wood Used.

Every effort possible is being made to use native woods for ties in building the railways in the Philippines.

TO CURE A COUGH IN ONE DAY
Take LAXATIVE BROMO QUININE TABLETS. Drug stores everywhere. It is 10c a box. E. W. HAYES' signature is on each box. 25c.

Some men seem to think they are doing a great deal toward righting the world's wrongs by fussing with their neighbors.

Garfield Tea (Guaranteed under the Pure Food and Drug Law) regulates a sluggish liver, overcomes constipation, purifies the blood and eradicates disease. It is made of Herbs.

Your friends think that you are right and your enemies think that you are wrong, but you have to show the rest of the cold, unympathetic crowd.

With a smooth iron and Defiance Starch, you can launder your shirtwaist just as well at home as the steam laundry can; it will have the proper stiffness and finish, there will be less wear and tear of the goods, and it will be a positive pleasure to use a Starch that does not stick to the iron.

Changes in Dismal Swamp.

Investigations of the scientists at Washington have recently developed the fact that at present the area of the Dismal swamp is slowly sinking, and Lake Drummond, in its center, is growing larger. Similar changes have occurred in the past, periods of elevation and subsidence gradually succeeding one another. The average elevation above sea level is so slight that natural drainage is insufficient to remove the rainfall.

Laundry work at home would be much more satisfactory if the right Starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

In the Matter of Tips.

The man who tips the highest gets the best service and the most ostentatious deference. "Give this to the cook," said a St. Louis parvenue, handing one dollar to the waiter with his order, "and tell him to cook it my way." "Give this to the cook," said a scribe at the next table, handing a two dollar bill to the waiter with his order, "and tell him to cook it his own way, for he is a better cook than I am." We will not be outshone. We will not shrink in any man's shadow. At the same time the pace is too hot and fast for most of us.—St. Louis Globe-Democrat.

Clover & Grass Seeds.

Everybody loves lots and lots of Clover Grasses for hogs, cows, sheep and swine.

We are known as the largest growers of Grasses, Clovers, Oats, Barley, Corn, Potatoes and Farm Seeds in America. Operate over 5,000 acres.

Hath any wronged thee? Be bravely revenged; slight it, and the work's begun; forgive it, and 'tis finished. He is below himself that is not above an injury.—Quarles.

NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

Health of New York City.

Statistics of the board of health show that the general death rate in New York city is decreasing in all diseases excepting the four groups of acute respiratory troubles, cancer, diseases of the heart and diseases of the kidneys.

PUTNAM FADELESS DYES, are fast to light and washing and color more goods than others. 10c per package.

Fate is a female who gives men the laugh for believing her.

Mrs. Winslow's Soothing Syrup. For children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25c a bottle.

Large fortunes from small grafts soon grow.

Lewis' Single Binder straight 5c cigar is good quality all the time. Your dealer or Lewis' Factory, Peoria, Ill.

It takes a clever man to pick up an umbrella and walk off with it just as if it belonged to him.

HEALTH AND SPIRITS.

Are Restored by Dr. Williams' Pink Pills in Cases of Debility and Despondency.

General debility is caused by mental or physical overwork with imperfect assimilation of nourishment, or by some acute disease from which the vital forces have been prostrated and the entire organism weakened so as not to easily rally. To restore health it is necessary that the blood should be purified and made new.

The case of Mrs. E. M. Spears, of 92 Mt. Pleasant street, Athol, Mass., is a common one and is given here in order that others may be benefited by her experience. She says: "I had been sick for a year from indigestion and general debility brought on by overwork and worry. I had tried many remedies, but found no relief. I suffered from swelling of the limbs, loss of appetite and dizzy spells, which became so severe towards night, that I sometimes fainted away. I was bilious and my hands and arms would go to sleep for an hour or two at a time. I was so sleepy all the time that I could hardly keep awake. I had frequent cramps in my limbs and severe pains at the base of my head and in my back. My blood was impoverished. I was afraid to give up and go to bed fearing that I would never get well."

"About this time Dr. Williams' Pink Pills were recommended to me by a friend in South Vernon, Vt. I felt better soon after beginning the treatment and continued until I was entirely cured. I consider Dr. Williams' Pink Pills a grand medicine for weak women."

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price 50 cents per box, six boxes \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.
